

Cordova Telecom Cooperative's & Cordova Wireless Communications Internet Acceptable Use Policy

General Policy Statement:

The following policies apply to mass market broadband Internet services offered by Cordova Telecom Cooperative, Inc. (CTC) and CTC's subsidiary company, Cordova Wireless Communications, Inc. (CWC). CTC/CWC also offers enterprise level services that can be individually tailored to customer needs. Information on CTC/CWC enterprise services can be obtained by calling #907-424-2345 (CTC) or #907-424-2300 (CWC) or stopping by the CTC business office at 611 Second St. or CWC business office at 611 Second St., Cordova, Alaska. You can also visit CTC's website, www.ctcak.net and look for the internet links. It is CTC/CWC's policy to provide robust and reliable access to the Internet for all of its residential and commercial mass market end user customers.

Because network resources are shared by all users, CTC/CWC has implemented the following policies to govern mass market Internet service. These policies are designed to: (i) ensure that shared network resources are allocated fairly among all users; (ii) allow users and prospective users to understand service policies and any significant limitations on the service; and (iii) provide a foundation that assures customers that they can rely on consistently receiving the level and quality of service to which they subscribe.

CTC/CWC does not block access to, nor discriminate against, any lawful website or Internet application and, with respect to fixed Internet access services, CTC/CWC supports the ability of users to select and attach the equipment of their choice to the network so long as that equipment: (a) is used for a lawful purpose consistent with CTC/CWC's Acceptable Use Policy; and (b) does not harm the network or degrade network performance for other users. Customers are encouraged to familiarize themselves with the following policies which are deemed part of their Internet Service Agreement. CTC/CWC gives a copy of the Internet Services Agreement and Acceptance Use Policy to the customer upon purchasing their Internet Services from CTC &/or CWC. By using CTC/CWC's Internet Service, the customer accepts, agrees to be bound by and to strictly adhere to, these policies. The customer also agrees to be responsible for compliance with these policies by third parties, such as friends, family members or guests that make use of the customer's service accounts or equipment to access the network for any purpose, with or without the permission of the customer.

The Internet Service Agreement is posted on CTC/CWC websites and emailed to all users annually.

Acceptable Use Policy:

1. General Policy. CTC/CWC reserve the sole discretion to deny or restrict your service, or immediately to suspend or terminate your service, if the use of your service by you or anyone using it, in our sole discretion, violates the CTC/CWC's Internet Service Agreement or is objectionable or unlawful, interferes with the functioning or use of the Internet or the CTC/CWC network by or other users, or violates the terms of this Acceptable Use Policy ("AUP").

2. Specific Examples of AUP Violations. The following are examples of conduct which may lead to termination of your Service. Without limiting the general policy in Section 1, it is a violation of the Agreement and this AUP to:

3. Copyright Infringement/Repeat Infringer Policy. CTC/CWC respects the intellectual property rights of third parties. Accordingly, you may not store any material or use CTC/CWC systems or servers in any manner that constitutes an infringement of third party intellectual property rights, including under US copyright law. In accordance with the Digital Millennium Copyright Act (DMCA) and other applicable laws, it is the policy of CTC/CWC to suspend or terminate, in appropriate circumstances, the service provided to any subscriber or account holder who is deemed to infringe third party intellectual property rights, including repeat infringers of copyrights. In addition, CTC/CWC expressly reserves the right to suspend, terminate or take other interim action regarding the service of any user or account holder if CTC/CWC, in its sole judgment, believes that circumstances relating to an infringement of third party intellectual property rights warrant such action. These policies are in addition to and do not affect or modify any other rights CTC/CWC may have under law or contract.
